DETAILED ACTION

Acknowledgements

The amendment filed on 26 August 2008 in response to the Office Action mailed on 05 June 2008 has been entered. The present Office Action is made with all the suggested amendments being fully considered. Accordingly, pending in this Office Action is claim 16.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 16 is rejected under 35 U.S.C. 102(b) as being anticipated by Izumi et al. (US 5,400,072).

With respect to claim 16, Izumi et al. (Figs. 12A, 12B, 17A, 17B) discloses an optical module, comprising: a circuit carrier [column 18 lines 47-19, 56-57]; a housing [1] including at least sections with a ring-shaped support [115, 116] formed thereon, the housing disposed on the circuit carrier; a semiconductor element [6] disposed in the housing; and a lens unit [L1-L4, 114, 200] configured for projecting electromagnetic radiation onto the semiconductor element [column 24 lines 9-12 and claim 1 lines 13-15], the lens unit including a base lens [L4]; wherein the semiconductor element and the lens unit are formed in two parts, the base lens includes at least sections formed with a collar [bottom surface of L4] that has a shape corresponding to the ring-shaped support

that is formed on the housing [column 4 lines 3-5], and the collar of the base lens is directly supported on the ring-shaped support that is formed on the housing; and wherein the lens unit includes a lens holder [200] and the lens holder is supported by the circuit carrier substantially without being supported by the housing.

Response to Arguments

Applicant's arguments with respect to claim 16 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Telephone/Fax Information

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Leslie P. Cruz whose telephone number is 571-272-8599. The examiner can normally be reached on Monday-Friday 9:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisors, Sue A. Purvis can be reached on 571-272-1236. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
